

**Bonita (Buss) Sanchez**  
**September 6, 1944 - May 21, 2004**

**Bonnie lived as a free spirit her entire life and passed on from breast cancer in Paris, France in May 2004. She had lived in Paris with her husband Roger and daughter Alexandra for many years. She worked as a Legal Assistant for a private law firm in Paris.**

**Bonnie received a degree in International Relations from Stephens College in Columbia, Missouri in 1966.**

**She married one of her instructors from Stephens and went to live in Europe. That marriage ended 5 years later and she lived on the island of Ibitha, Spain, for the next couple of years.**

**She traveled Europe extensively for a while and came back to the states rarely. Once she left Miami she never lived there again although her mother continued to live in the house in West Miami that Bonnie grew up in.**

**She met her second husband, Roger Sanchez, in Paris and had her daughter Alexandra when she was 40! Bonnie and Roger did live in the states very briefly in the Washington DC area but decided that Europe fit their lifestyle better so returned to Paris in the 80's.**

**She fought breast cancer for 10 years before passing away from it on 2004. Her husband and daughter continue to live in Paris, France. I miss you, my friend.....**

**Sharon (Craig) Sweeting**
